

# Cadillac

FIRST EVER 2014 ELR

It is the provocative embodiment of imagination and inspiration. An uncompromising luxury coupe for those who ask, "What's next?" For those who recognize the possibility of "what if" and dismiss the thought of what can't be done. It's for those who seek opportunities to move the world forward. And who believe that only by working hard are we able to experience the best life has to offer. With its forward-thinking technology and forward-leaning design, the first ever Cadillac ELR is an original thought in a sea of conformity and our most advanced luxury coupe ever.

The task was daunting: Take the celebrated Converj concept vehicle, and turn it into reality. The first ever 2014 ELR, with an advanced electric drive system and onboard generator powered by gas, stayed remarkably true to its original inspiration. Cadillac ELR is the perfect balance of Art & Science and the latest example of our fearless approach to automotive innovation.

A BRILLIANT CONCEPT.  
A MORE IMPRESSIVE REALITY.

ELR / Radiant Silver Metallic

FOR THOSE WHO PREFER THEIR ART  
IN AUTOMOTIVE FORM.

ELR / Graphite Metallic

Active Aero Grille Shutters automatically close at highway speeds to maximize aerodynamics and open at lower speeds when additional cooling may be required.

The signature light-blade vertical headlights combine classic styling with modern technology. Each contains four projector lenses powered by LEDs, individually precision-engineered for enhanced nighttime visibility as well as efficiency.

Every detail was considered in the quest for efficiency. Recessed, nearly invisible door handles look dramatic and provide the ELR profile with unbroken lines, giving the wind little to hold on to. Touching a small pad located on the inside of the door handle is all that is necessary to enter.

20" wheels were a must. But stunning looks wouldn't be enough. So we stiffened the rims to reduce noise and vibration and added low rolling resistance tires that boosted efficiency while also balancing comfort and handling.

The twin LED light-blade tail lights are not only meticulously detailed with classic styling and the etched Cadillac script but also brilliantly engineered to enhance aerodynamics.

## CONCEIVED, DESIGNED AND RENDERED SPEECHLESS.

The art of craftsmanship lives and breathes within the ELR luxury coupe, where five complementary materials were specifically chosen to provide a feeling of balance and harmony: burl grain Olive Ash or Laurel wood, genuine carbon fibre, sueded microfibre, finely stitched premium leather and satin chrome accents. The dramatic layering of textures creates a quiet, luxurious sanctuary with undeniable style.

ELR / Kona Brown with Jet Black Accents

SLIP INTO SOMETHING A LITTLE MORE  
TECHNOLOGICAL.

Back and forth is a good start, but ELR offers 18 additional ways to adjust the driver seat. With a total of 20 seating positions when you choose the available Opus semi-aniline leather, customized comfort is taken to another level.

CUE<sup>1</sup> – Cadillac User Experience – infotainment system with navigation<sup>2</sup> lets you access your contacts, music and information with just the touch, flick or swipe of the screen. In fact, CUE comes to life when it senses your hand is near and provides feedback vibrations.

CUE received ELR-specific enhancements, allowing you to monitor power flow, select when and how your vehicle is charged, and much more.

An electronic cover opens when you need the cupholder and conceals it when you don't, keeping the area free of dust and debris.

Hear only the sounds you want to hear. Bose® Active Noise Cancellation continuously monitors and measures generator noise and sends out acoustically opposite signals via the audio system to reduce this unwanted sound.

LED lights softly illuminate the interior cabin.

1. CUE functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit [CUE.cadillac.ca](http://CUE.cadillac.ca) for more details. 2. At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas.

IT CARRIES AN UNMISTAKABLE AIR  
OF ELECTRICITY.

The ELR electric drive system elicits an immediate response. Press down on the accelerator when the vehicle is at a standstill, and you're greeted with instant torque and smooth, shiftless acceleration. Unlike conventional electric vehicles, the first ever ELR features an onboard generator that develops power for the electric motor, so you always experience the feel and performance of electric drive as well as the confidence of unlimited travel.

The advanced **electric drive** unit is capable of inspiring performance using only the power stored in its advanced lithium-ion battery.

If necessary, the **onboard generator** powered by gas produces electricity to charge the drive system, so you can continue on with no limits.

With the first ever ELR, you begin your journey driving on electricity stored in the battery. Then the remainder of your travels will be powered by electricity produced by the onboard generator. The battery can be recharged at most outlets, and the onboard generator can be refilled at any gas station, so unlimited travel is always on the agenda.

ELR / Radiant Silver Metallic

WE EXPECT MORE  
OUT OF THE KILOWATT.

ELR / Radiant Silver Metallic

 240V<sup>1</sup> → 5 HOURS

 120V → 12.5-18 HOURS<sup>2</sup>

1. Professional installation required. 2. Based on charging levels and outside temperature. Using the portable 120V charge cord will take approximately 18 hours at the 8-amp default setting and can be reduced to 12.5 hours at the 12-amp setting. 3. Available on select Apple, Android, BlackBerry and Windows devices. Services vary by device, vehicle and conditions. Requires active OnStar subscription, standard for the first three years.

### Customize your charge.

Using either the multi-touch CUE system or the available OnStar RemoteLink<sup>®</sup> mobile app,<sup>3</sup> you can customize your charging mode as well as the charging level. You even have the option of programming the charge based on off-peak rates or your next planned departure.

Lights on the side mirrors pulse green while the battery is charging and go dark when charging is complete.

CHOOSE YOUR MODE  
OF TRANSFORMATION.

FOUR DISTINCT DRIVE MODES ALLOW YOU TO COMMAND ELR HOWEVER YOU PLEASE.

tour

Uses the energy stored in the battery before seamlessly transitioning to the onboard generator powered by gas if and when you need it. This default mode is optimized for comfort and efficiency.

sport

Advances the throttle response and tightens the steering calibration and suspension settings to deliver heightened responsiveness and feedback.

mountain

Preserves electric power for climbing long, steep grades.

hold

Puts the battery's charge on hold – saving it for later. Ideal for saving electric power for stop-and-go city driving, thereby enhancing efficiency.

Dual-side paddle controls located behind the steering wheel provide regeneration on demand, putting energy back into your battery while simultaneously slowing you down. This technology is something you can only truly appreciate when you experience it from behind the wheel – especially in slow-and-go traffic where exclusive Regen on Demand™ gives you the comfort of one-pedal driving.

EVEN THE SAFETY FEATURES  
HAVE SAFETY FEATURES.

Constructed using ultra-high-strength steel, the ELR body incorporates crumple zones to help absorb and manage crash energy while its safety cage design helps preserve occupant space.

**SAFETY ALERT SEAT** sends pulses through the seat cushion left or right or simultaneously, alerting you to a variety of potential hazards as well as the direction they're coming from. At low speeds, **FRONT AND REAR PARK ASSIST** warns you if an object is too close. **FULL-SPEED ADAPTIVE CRUISE CONTROL<sup>1</sup>** is available and uses information from the car's front radar and other sensors to maintain a selected following distance from the vehicle ahead. Included with Adaptive Cruise Control is **AUTOMATIC COLLISION PREPARATION** and **INTELLIGENT BRAKE ASSIST**, which apply brake pressure, bringing the vehicle to a complete stop, if necessary, to help avoid a collision. **FORWARD COLLISION ALERT** uses front camera technology to detect when an impact may be imminent and lets you know of the impending danger. Available **REAR CROSS TRAFFIC ALERT** enhances confidence when backing out of parking spots because sensors sweep the area behind and to the sides of the vehicle, alerting you to oncoming vehicles. **SIDE BLIND ZONE ALERT<sup>2</sup>** is available and lets you know if a vehicle is in your blind spot before you merge. **LANE DEPARTURE WARNING SYSTEM** monitors road lines and warns you if you begin to drift into another lane without the use of turn signals. **ONSTAR<sup>®3</sup>** is standard for three years, including Automatic Crash Response.

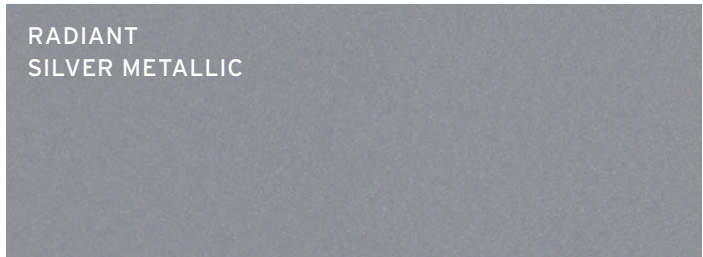

1. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. 2. Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 3. Visit [onstar.ca](http://onstar.ca) for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After complimentary trial period, an active OnStar service plan is required.

PAINT FINISH

TINTCOAT

A premium 2-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

20" 7-SPOKE ULTRA BRIGHT ALUMINUM WHEELS WITH MACHINED-FINISH AND BLADE SILVER-PAINTED ACCENTS

Standard on ELR and includes P245/40R20 all-season tires.²

20" 7-SPOKE ULTRA BRIGHT ALUMINUM WHEELS WITH MACHINED-FINISH AND MIDNIGHT SILVER PREMIUM-PAINTED ACCENTS

Included on ELR with the available Luxury Package, and includes P245/40R20 all-season tires.²

1. Available at extra cost.  
2. All-season tires may not satisfy winter tire requirements in all regions of the country. Tires specifically designed for severe winter conditions and marked with the "winter tire" symbol may be required during certain months or in certain regions. Contact your Provincial, Municipal or local road authority for information regarding which tires are required in your particular area.

KONA BROWN¹

- Jet Black Accents
- Olive Ash Wood Trim
- Carbon Fibre

LIGHT CASHMERE²

- Medium Cashmere Accents
- Open-Pore Laurel Wood Trim
- Piano Black Trim

JET BLACK²

- Jet Black Accents
- Olive Ash Wood Trim
- Carbon Fibre

1. Opus semi-aniline full leather. Available at extra cost.  
2. Leather seating surfaces.

# CADILLAC SHIELD

We set out to create the ultimate customer experience. The result is Cadillac Shield, and it backs every vehicle we sell. From innovations like Remote Vehicle Diagnostics<sup>1</sup> and advanced mobile apps to our Premium Care Maintenance program, Cadillac Shield gives luxury owners everything they need.

## WARRANTY PROTECTION

The Cadillac 6-year or 110,000-km<sup>2</sup> Powertrain Component Limited Warranty offers more years and kilometres standard than BMW and Mercedes-Benz. In addition, our 4-year or 80,000-km<sup>2</sup> New Vehicle Limited Warranty covers repairs on your entire vehicle, including parts and labor, to correct problems in materials or workmanship.

## BATTERY WARRANTY

An unwavering confidence in our technology allows us to provide an 8-year or 160,000-km<sup>2</sup> Battery Limited Warranty that covers 161 battery components in addition to the thermal management system, charging system and electric drive components.

## ROADSIDE ASSISTANCE

Cadillac offers more years of standard Roadside Assistance than any leading luxury brand, with services for 6 years or 110,000 km.<sup>2</sup> The program provides lock-out, towing, refueling services and more.

## PREMIUM CARE MAINTENANCE

Standard on every new Cadillac is the Premium Care Maintenance program. It covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 80,000 km.<sup>2</sup>

## COURTESY TRANSPORTATION

This Cadillac program provides alternate transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 110,000 km.<sup>2</sup>

The standard three-year Directions & Connections<sup>®6</sup> Plan allows you to push one button to connect with a live Advisor to find the things and places you want. Get directions or a diagnostics check while you drive. Make calls with both hands on the wheel, and control your vehicle with the RemoteLink<sup>®3</sup> mobile app. And, as always, get help immediately in a crash or an emergency. These are just a few examples of the level of personal service we think you deserve as a Cadillac owner.

## NAVIGATION BY ONSTAR

Just push the OnStar<sup>®</sup> button and an Advisor can download voice-guided turn-by-turn directions<sup>4</sup> to your Cadillac, and a voice will call out every turn or send them to your navigation system, if equipped. You can also plan routes using MapQuest.ca<sup>®</sup> and send them to your Cadillac.

## SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote signal to activate Stolen Vehicle Slowdown<sup>®5</sup> Advisors can also enable a Remote Ignition Block<sup>7</sup>, making it impossible to restart a stolen vehicle once it has been turned off.

## CONNECTIONS BY ONSTAR

Available Hands-Free Calling<sup>6</sup> capability from OnStar allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink mobile app, you can access real-time information and control your Cadillac from anywhere you have cell phone service. Now you can even find a destination with RemoteLink and send directions right to your vehicle.

## DIAGNOSTICS BY ONSTAR

With the most comprehensive diagnostics<sup>7</sup> from OnStar, maintaining your Cadillac can be as simple as checking your email or your OnStar RemoteLink mobile app. Every month, you can receive an email with the status of key operating systems or push your OnStar button for a real-time diagnostics check on demand<sup>7</sup>.

## EMERGENCY BY ONSTAR

With Automatic Crash Response<sup>8</sup> in many crashes, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your Cadillac to see if you need help sent to your exact location. Other OnStar emergency services include Injury Severity Prediction and First Assist, which ensure you quickly get the help you need when seconds matter most. The three-year OnStar Directions & Connections Plan is standard with the Cadillac ELR.

## MYCADILLAC APP<sup>9</sup>

The ingenuity of the ELR doesn't stop with the vehicle. As a Cadillac owner, an advanced app is available for your new car. From virtually anywhere at any time, a few taps of your finger on your iPhone<sup>®</sup> or Android<sup>™</sup> smartphone let you access features such as parking reminders, Roadside Assistance and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability<sup>10</sup> to remotely start your vehicle (when factory-equipped with remote start) from any place you have cell service and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range and remaining oil life.

1. Capabilities vary by model. Visit onstar.ca for details and system limitations. 2. Whichever comes first. See dealer for details. 3. Available on select Apple, Android, BlackBerry and Windows devices. Services vary by device, vehicle and conditions. Requires active OnStar subscription. 4. Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. After complimentary trial period, an active OnStar service plan is required. 5. Service varies by model and conditions. 6. Visit onstar.ca for coverage map, details and system limitations. Requires an existing OnStar contract and prepaid minutes. 7. Capabilities vary by model. 8. Visit onstar.ca for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After complimentary trial period, an active OnStar service plan is required. 9. Requires iPhone or Android mobile device. 10. Available on select Apple, Android, BlackBerry and Windows devices. Services vary by device, vehicle and conditions. Requires active OnStar service plan. 11. Subject to eligibility. 12. Program subject to change. 13. Conditions and limitations apply.

## ACQUISITION OPTIONS

In addition to the many exclusive privileges of Cadillac ownership, General Motors of Canada has created a range of supplementary support programs to enhance your ownership experience. Some of these programs assist you in purchasing the Cadillac of your choice. Others help protect you and your new Cadillac over the long term.

## PURCHASING:

- Purchase Financing or Leasing – On-the-spot financing at your GM dealership<sup>11</sup>
- The GM Card – GM cardholders may redeem up to \$3,500 GM Card<sup>®</sup> Earnings (subject to Vehicle Redemption Allowances) toward the Total Purchase Price on eligible new GM vehicles<sup>12</sup> For full program details, please visit [thegmcard.ca](http://thegmcard.ca).

## ADDITIONAL OWNERSHIP PROGRAMS:

- GM Protection Plan (GMPP) – The only extended service plan backed by the resources and commitment of General Motors. GMPP may be purchased at the time of sale or subsequently during the New Vehicle Limited Warranty period.<sup>13</sup>

## INFORMATION RESOURCES:

You can obtain more information about Cadillac vehicles and programs from your Cadillac dealer, or at these information centres:

- The Cadillac website at [cadillac.ca](http://cadillac.ca).
- The Cadillac Contact Centre at 1-888-446-2000 (1-800-263-3830 for TDD users).

## A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your Cadillac dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for a product, for any reason, or to start and end model years at different times.

## A WORD ABOUT ASSEMBLY

Cadillac vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Cadillac vehicles. Certain equipment ordered may be unavailable at the time of assembly, and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

## A WORD ABOUT CORROSION

Cadillacs are designed and built to resist corrosion. All body sheet metal components are warranted against rust-through corrosion for 6 years. There is no deductible for rust-through repairs. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended.

## TRADEMARKS

The marks appearing in the Cadillac brochure including, but not limited to, General Motors, GM, Cadillac, the Cadillac badge, and respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Cadillac User Experience, CUE and StabiliTrak are trademarks of General Motors and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors. | WINDOWS  | Power; with driver and front passenger express-up/-down  |
| VISORS   | Driver and front passenger illuminated vanity mirrors  |

1. Included with available Luxury Package. 2. Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 3. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information. 4. Included with available Safety Package. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. 5. CUE functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit CUE.cadillac.ca for more details. 6. Not compatible with all devices. 7. Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. Visit siriusxm.ca for details. 8. At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. 9. Visit onstar.ca for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. After complimentary trial period, an active OnStar service plan is required. 10. Available on select Apple, Android, BlackBerry and Windows devices. Services vary by device, vehicle and conditions. Requires active OnStar service plan.
